NEP Aligned Curricula

(Effective from A.Y. 2023-24)

Preamble

*This ordinance is an articulation of the Institute's commitment towards the design and delivery of its “**Learning Outcome based Curriculum**”, for all the MBA Programs offered on campus, under the framework of “**National Education Policy-2020**”(NEP 2020), with the implicit features of ‘**Multi-disciplinary Education, Reformative Continuous Assessment, and Choice based Credit System**’. The proposed framework also makes available the honorable **EXIT** option for a student who wishes to gracefully exit from the program, after acquiring the stipulated credits upto a particular year, before the formal completion of the program, to which he/she is admitted, with the aspiration to earn the final degree. **NEP 2020** envisages inclusive and multidisciplinary education, that aims at the holistic development of the learner, with the elegant culmination of his/her¹ learning, a meaningful employability, integrated entrepreneurial character and persistence in lifelong learning. The policy envisions the MBA postgraduate degree to be of 2-year duration, with multiple entry and exit options within this period and with appropriate diploma after 1 years of study. The 2-year program will lead to a regular ‘**MBA**’ Masters degree for aspiring learners.*

Some important features of NEP are:

Academic Bank of Credits (ABC): *It is the platform developed by the National e-governance Division of the Ministry of Electronics and Information Technology, Government of India, having the facility/functionality of opening Academic Accounts for students and onboarding of eligible Higher Education Institutions (HEIs), in accordance with “The University Grants Commission (Establishment and Operation of Academic Bank of Credits in Higher Education) Regulations, 2021”. ABC will digitally store the academic credits earned by students from HEIs registered with ABC for awarding degrees/diplomas/certificates taking into account credits earned by students. ABC will ensure the opening, closure and validation of Academic Bank Accounts, credit verification, credit accumulation, and credit transfer, redemption for students.*

Accumulation of Credits: *Every student shall open an account in the ABC which will provide him/ her with a unique ID and will allow access to the Standard Operating Procedure. The Credits awarded to a student for the courses pursued in the University/Institute shall be accumulated in the Academic Bank Account of the student. The procedure for accumulation of credits earned, shelf life, and redemption of credits, would be as per the UGC (Establishment and Operation of ABC in Higher Education) Regulations, 2021 and their subsequent amendments. The validity of credits earned will be to a maximum period of seven years or as specified by the ABC.*

Multiple Entry and Exit Points: *These are the stages where the students may have options for entry and exit in the academic programs in HEI, and to be facilitated through the provisions*

¹*Note: In this document, he / him / his / himself etc. are treated to be referring to an Individual, without any Gender bias.*

created by the ABC scheme and Guidelines for Multiple Entry and Exit in academic programs offered in HEIs.

Learning Outcomes-based Curriculum Framework: *It is a framework initiated by the UGC in 2018 for updating the CBCS curriculum to reflect the expected learning outcomes and academic standards that are expected to be attained by graduates of a program of study and holders of a qualification.*

Choice Based Credit System (CBCS):*It is the system that provides a wider choice to the student to select from the baskets of prescribed courses, in the program in terms of 'Electives', 'Minor', 'Honors' etc. Under the CBCS, the requirement for awarding a qualification (degree or diploma or certificate) is prescribed in terms of a minimum number of credits to be completed by the students, in a stipulated time frame.*

14.2. Semester Grade Point Index

The SGPI is the weighted average of the grade points earned by a student in all the courses credited and describes his performance in a semester. If the grade points associated with the letter grades awarded to a student are g_1, g_2, \dots, g_n and the corresponding credits are c_1, c_2, \dots, c_n :

$$SGPI = \frac{\sum_{i=1}^n c_i g_i}{\sum_{i=1}^n c_i}$$

14.3. Cumulative Grade Point Index

The CGPI indicates the overall academic performance of a student in all the courses registered up to and including the latest completed semester. It is computed in the same manner as the SGPI, considering all the courses (say k) over all the previous semesters, and is given by:

$$CGPI = \frac{\sum_{l=1}^k c_l g_l}{\sum_{l=1}^k c_l}$$

14.4. Examinations: Passing Criteria and Promotion to Next Year etc.

S. No	To Pass	Minimum Percentage (%)
1	Formative assessment	30 % of Formative assessment

2	Summative Assessment	40% of Summative Assessment
---	----------------------	-----------------------------

14.5. Course Drop:

A Student can opt for a course drop or shall be dropped from a particular course only before summative assessment, subject to any of the following:

- a) If Formative Assessment marks < 30% of the Formative Assessment component (i.e. < 18):
 - The student will be deregistered from the course.
 - Will repeat the course in the next semester in case it is a core course.
 - For an elective course, a student may opt for another course.
- b) If Formative Assessment marks $\geq 30\%$ of the Formative Assessment component (i.e. ≥ 18) but Summative Assessment marks (End-Semester Examination (ESE)) < 40% of the Summative Assessment component:
 - Will be awarded an F grade
 - Will be given opportunities to appear in back paper examination.
- c) In a particular course if Formative Assessment marks are $\geq 30\%$ but the student voluntarily chooses to drop the course before the Summative Assessment and the student may opt for a course drop for any personal/family/medical reasons:
 - the student will be deregistered from the course.
- d) In case, attendance in a particular course is less than 75%:
 - the student will be deregistered from the course.

14.6. F-Grade and Opportunities to Pass the Course

The opportunity to pass the course by appearing in back paper examinations shall be applicable as follows:

- a) Twice in a year (Normally in December and June).
- b) At most 3 opportunities will be provided to a student. Afterward, the student will have to register afresh.
- c) To appear in (N+1)th year, a student must have passed atleast 80% of credits of (N-1)th year.
- d) To appear in (N+2)th year, a student must have passed all credits of (N-1)th year.

Whenever a student is permitted to appear in a dropped Paper (due to “F”), the new letter grade replaces the old letter grade in the computation of the SGPI. For the “F” grade, the back paper

will be conducted only for 40 marks in total. The student's internal assessment marks will be retained.

14.7. Attendance Requirements

At the time of calculating attendance requirements, the following rules will be followed:

1. A student shall be deemed to have undergone a regular course of study in the Institute if he has at least 75% attendance in the lecture + tutorial + practical of the concerned course.

3. A student who does not meet the above attendance requirement shall have his registration in the course canceled. The course will be treated as dropped.

In the case of a core course, the student should register for and repeat the course when it is offered next. The department may run the course in the immediate next semester or as per usual turn. However, to register in the immediate next semester, the concerned student should first see that there is no timetable clash and if a timetable clash is there then he will not be allowed to register as maintaining 75% attendance criteria may not be fulfilled by the student.
